

TATTOOS, BOOZE, ART, & SHOES™

A COUNTER-CULTURE ART EVENT SERIES

@

MONDAY NIGHT BREWING

2/14/25

We are creators and innovators first and foremost! In true FATL (fatal) Production / A-Town Art Agency fashion, we're bringing another cutting-edge event to the city of Atlanta. Tattoos, Booze, Art & Shoes is a counter-culture event series that brings together Atlanta's top tattoo shops, distilleries and breweries, art galleries, and art installations along with sneaker boutiques and fashion all in one place for your enjoyment. This will be a taste-maker's event for Atlanta's art lovers, sneaker freaks, alcohol enthusiasts, and body art aficionados to come together and network in a counter-culture atmosphere. We're focused on bringing proper visuals with 3D projection mapping, lighting, and lasers to stimulate your mind. Atlanta is filled with wonderfully talented artists from tattoo and graffiti gurus to photographers and painters and everything in between. Georgia is home to several distilleries and breweries that we would love to put on display, several of them are right here in Atlanta. The sneaker world is booming in ATL and we want to bring all of these industries together to shine a light on the counter-culture scene. Atlanta is a mecca for the movement so it's only right that we get started right here in the A. Portions of the day's proceeds will benefit the B-Aware Foundation, A-Town Art Agency, Affirmations Across Atlanta, and the Positive Paint Initiative.

Get involved! #TBAS #BAF #AAA
